

A PRAYER FOR GOD'S CREATION BASED ON PSALM 104

God, Creator of everything,
Thank You for the beauty of the world around us.
We see Your work in the sky, the trees, and the oceans.
Help us to appreciate the world You have made.

Lord, You care for every living thing.
You give food to the animals and water to the earth.
Teach us to trust in Your care for us each day.
Help us to see Your love in all that You provide.

Father, we know that You made us to be caretakers.
Guide us to respect and protect Your creation.
Show us how to make good choices that honor You.
Help us to take care of the world we live in.

God, in the busy moments of life,
Remind us to stop and notice Your works.
Let us see Your hand in the small things,
And give us hearts that are thankful.

Lord, we praise You for all You have made.
Fill us with wonder at the world around us.
May we always remember to give You thanks,
And live in a way that reflects Your goodness. Amen.
