

Toasted Game

Supplies

- a toaster
- a loaf of bread
- plate
- a number of condiments for the bread (have plenty of choices!)

The condiments can be normal things like butter, honey, jam, and can also be things like ketchup, mustard, mayonnaise, etc. Be creative!

Instructions

1. Put the toaster on a table in the center of the group.
2. Also put the condiments on the table.
3. Toast one piece of bread and put it on the plate.
4. Start toasting another piece of bread.
5. While the bread is toasting, group members go up, one at a time in order, and put one of the condiments on the bread on the plate.
6. This continues until the bread in the toaster pops up.
7. When the bread pops up, the person who is standing (or is next in order) must go take a bite out of the condiment covered bread on the plate.
8. Continue playing with the next piece of bread.
