

How to Play Animal Sounds Game

Supplies

- Slips of paper with animals sounds. (See below.) Each card you give out must have a match, so if you have 10 players, only use 5 of the pairs.
- One [blindfold](#) per person.

Instructions

1. Give each person a slip of paper with an animal on it. Each person must have a match! They should not reveal their animal to anyone else.
2. Give each player a [blindfold](#) and have them put it on.
3. They should try to find their matching animal by making the sound that animal makes. When they find someone making the same animal sound, they should not say the animal name. Instead they should raise their hands.
4. When a pair has hands raised, you should check their slips of paper to see if they are really a match. If they are, they may remove their blindfolds and go to the side of the play area. If they are not a match, tell them that they are not the same animal and have them try again.
