3. Have everyone pair up and tie their legs together, three legged race style.
4. Divide the group into two (or more) teams.
5. Give each team their pirate accessories.
6. Give each team a treasure chest which they will leave at the start line.
7. On the start, the first pair from each team each put on their pirate accessories and race to the end line.
8. They pick up as much treasure as they can carry in their hands and race back to their treasure boxes.
