

Paper Plate Dove Craft

Materials

- Thin white paper plate
- Pen or pencil
- Scissors
- Glue
- Black marker
- Orange marker

Instructions

See below for pictures

1. Draw the body of the dove. A small glass can be used to make the circle for the head. Then draw curves for the side of the body and straight lines to complete the tail.
2. Cut straight down the sides to make the wings. See the picture.
3. If necessary, cut the wings down a little to make them the correct proportion for the body.
4. Glue the wings together at the bottom.
5. Glue the body on to the wings.
6. Draw eyes with the black marker.
7. Draw a beak and legs with the orange marker.
