

Flashlight Prayer Circle

This prayer activity works best in a dark room or outside at night. This also works well at prayer time around a campfire. You can use it to focus on a crucifix or some other symbol related to the topic of the day.

Equipment

- Flashlights
- Crucifix

Ingredients

- [tissue paper](#) optional

Instructions

- Place the crucifix somewhere centrally located to the group.
- Have everyone start with their flashlights off.
- If you want the lights to have some color, give each participant a piece of tissue paper to cover the light.
- One at a time they will turn on their flashlights and direct the beam to the crucifix. Then they will offer their prayer. They should leave the light on, focused on the crucifix.
- This will continue until everyone has offered a prayer and all lights are focused on the crucifix.
